

Are you ready to redefine patient care and transform your dental practice into a pinnacle of efficiency? We are thrilled to introduce our state-of-the-art Rescues and EMA Now appliances, meticulously designed to elevate your patient experience and optimize your practice operations. Seize this remarkable opportunity – have these appliances on your shelves for your patients today!

Discover the 5 Reasons to Choose **EMA Now** for Your Practice:

- 1. Immediate Relief:** Offer your patients with diagnosed obstructive sleep apnea (OSA) a quick "Rescue" option right at the chairside.
- 2. Enhanced Patient Experience:** Facilitate comfort and satisfaction by providing a mandibular advancement appliance trial before committing to a customized Vivos Tx appliance.
- 3. FDA Cleared Solution:** EMA Now is FDA cleared as a temporary device explicitly designed to address mild to moderate OSA and snoring conditions.
- 4. Reliable Backup for CPAP Users:** Highly recommended for CPAP users during power outages, recalls, repairs, or instances when CPAP cannot be worn.
- 5. Convenient Alternative:** Provide your patients with an excellent alternative for retention and relief while waiting for repairs on custom appliances.

Experience the 5 Benefits of **Vivos Rescue** in Your Practice:

- 1. Safety First:** Manufactured without BPA, Latex, and Phthalates, ensuring patient safety and well-being.
- 2. Dual Repositioning Options:** Vivos Rescue offers two choices - VR1 (~1 mm advancement) and VR2 (~2 mm advancement) for effective mandibular repositioning.
- 3. Preliminary Nasal Breathing Test:** Use Vivos Rescue to assess nasal breathing before fabricating a comprehensive treatment appliance.
- 4. Holistic Comfort:** Vivos Rescue repositions the jaw and improves lip seal, and tongue repositioning.
- 5. Cost-Effective Solutions:** Save significantly with our bundle options when ordering all devices together.
